Listed in this booklet are the courses being offered in the Graduate Programs in Education Program during the Summer 2010 semester.

The class list includes courses being offered on-campus, on-line and off-campus. **Please check each course for start and end dates, as they will vary by course.** It is important to note that due to contractual arrangements, only contracted teachers and administrators of the respective counties are eligible to register for the cohort classes. These are any classes ending in section 200 (ED 626.200) for Anne Arundel County and section 400 (ED 626C.400) for Baltimore County. Additionally, only students in the Maryland Approved Alternative Preparation Program (MAAPP) with BCPS are eligible to register for courses ending in section 500 (ED 689.500).

Online Registration

The Graduate Programs in Education department is pleased to announce that beginning with the summer 2010 semester current returning students will now be able to register online through myGoucher (<https://my.goucher.edu>). The following website provides you with a tutorial on how to register online.

https://meyerhoff.goucher.edu/techtraining/studentreg_SP2009/Online%20registration%20Tutorial%202009.swf

Please note that the tutorial is an overview geared toward undergraduates. If you have any questions or problems, contact the GPE Office for assistance at 410-337-6200.

Online registration for the Summer 2010 semester will begin on **April 5, 2010**. Online registration will remain open through June 18, 2010. Those not wishing to register online are still welcome to register in person, by mail or by fax. To download and print a registration form go to www.goucher.edu/gpereg.

Only currently enrolled students (*meaning those registered for a Spring 2010 semester course*) are eligible to register online. New students or those who have not been in attendance during the spring 2010 semester are required to register in person, by mail or by fax. New students will not have the necessary network id or password to access myGoucher until they have been registered for a course and students who have been inactive in the system for a semester or more will need to have their network id and password reset once they are registered. To download and print a registration form go to www.goucher.edu/gpereg.

With the introduction of online registration, you are no longer required to pay your tuition at the time of registration. Once your registration is processed and finalized you will receive a statement from the college indicating what your balance is and by when it must be paid. You will then be able to go online to myGoucher to pay your tuition by credit card or you can mail in a check. If your tuition is not paid by the due date, a hold will be placed on your record which will prevent you from registering for a future semester. The hold will be removed only after your balance is paid in full.

Tuition for the 2010–2011 academic year is **\$430.00** per credit. Any prior balance must be paid in full before you can register for the summer semester.

Please be advised that a **\$45 processing fee** will be charged for dropping a course. If you drop a class prior to the start of the semester you will be entitled to a full-refund, *minus the \$45 processing fee*. Once the semester has begun, the refund policy described in the Academic Catalog goes into effect.

NOTE: REGISTRATIONS RECEIVED AFTER THE FIRST DAY OF THE SEMESTER WILL BE SUBJECT TO A LATE REGISTRATION FEE OF \$10 PER CREDIT.

Advising

The directors and advisors of the M.Ed. and M.A.T. programs have posted office hours. New students in the **M.A.T. Program** should sign up for an advising session **prior to** the beginning of the first semester they are enrolled. New students in the **M.Ed. Program** should sign up for an advising session by the middle of the first semester they are enrolled. Additionally, all students should check in with their advisors in the middle of their program or as needed. To schedule an appointment, sign up with one of the staff members in Van Meter, Room 120 or call 410-337-6200.

Technology Standards: Each student entering the Master of Education (M.Ed.), Master of Arts in Teaching (M.A.T.) or Professional Development Certificate Programs since the Fall 2003 semester is required to meet a set of technology standards including an electronic portfolio. Please see pages 10-12 for complete details as changes have been made to the way students can complete the technology requirements.

Internship for all M.Ed. Students: Beginning with students who entered in the Fall 2003 semester, a one credit internship has been added to the At-Risk, Middle School, and Urban and Diverse Learners specializations so that each M.Ed. specialization now requires 36 credits to complete the degree. Some specializations, including Athletic Leadership/Administration, Reading Instruction, and School Improvement Leadership, have always had an internship. This internship is being offered during the Summer 2010 semester under the course numbers ED 614, ED 624, and ED 634. Students should not take this course until they have completed at least 24 credits towards their degree and all 3 courses in their area of specialization.

On-line course requirements

Before signing up for one of the online courses we highly recommend that you review the ***Minimum Technology Requirements for Online Courses*** (<http://www.goucher.edu/x16149.xml>) and the ***Blackboard Tutorials for Students*** (<http://www.goucher.edu/x2484.xml>). These resources will assist you in determining if an online course is the right choice for you.

All online course sessions are asynchronous with the exception that three sessions may be synchronous sessions between students and instructor. Times and dates will be arranged with the instructor and will accommodate the majority of the students' needs. Online courses are not self-paced, and students must complete assigned work every week.

During the summer semester, on-line courses run for 10 weeks in order to fit all course content into the shortened schedule. Therefore, the dates for Summer 2010 online courses are **May 24-July 30**.

Parking on Campus:

During the summer semester, parking permits are not required.

Goucher College Bookstore:

Books for Summer 2010 courses will be available for purchase through the Goucher College Bookstore. You can order your books in advance by visiting the Goucher Bookstore website: <http://goucher.bkstore.com/bkstore/content> and then either pick them up from the bookstore or have them mailed to you for a small fee. You can also go directly to the bookstore to purchase your books. The bookstore will be open extended hours at the beginning of the semester. Check their website for the specific schedule.

August 2010 Graduation: If you expect to **graduate** upon completion of the Summer 2010 semester please contact Wendy Tuttle (410-337-6453 or wtuttle@goucher.edu) to confirm that you are on the graduation list. Goucher College awards diplomas to M.Ed. and M.A.T. graduates three times per year, but holds only one commencement ceremony each August. The annual commencement ceremony is scheduled for Sunday, August 8, 2010 at 3:00 p.m. in Kraushaar Auditorium.

Baltimore County Cohort Classes

The Baltimore County cohort classes held in BCPS schools follow the BCPS schedule and classes will be cancelled if BCPS is closed or closes early for any reason. The Baltimore County Cohort classes held on the Goucher College campus will follow the college's schedule unless otherwise noted.

In accordance with BCPS policy on Cohort classes, only those students who are listed on the **original cohort participant list** are permitted to register for a course in that cohort. Therefore we are unable to allow students to switch the order or location in which they take classes. Nor can we allow students who were not originally part of the cohort to join a cohort that is already in progress.

Technology Requirements

Please read carefully!

All students entering the Master of Education (M.Ed.), Master of Arts in Teaching (M.A.T.), or Professional Development Certificate (PD) Programs are required to meet a set of technology standards.

There are three modules that make up the Technology Requirements.

Module 1: Using Blackboard, MS Word, PowerPoint, Excel and the Internet for own scholarship

Module 2: Setting up your E-Portfolio.

Module 3: Using technology for instruction

M.Ed. Technology Requirements:

- There will be a Module 1 session for M.Ed. students who feel their technology skills are weak in Technology Module 1.
- M.Ed. students who feel they are proficient in the use of Module 1 content (Word, Excel, PowerPoint and the internet) will demonstrate the completion of the requirements for Module 1 during ED 605 Research Methods.
- ALL M.Ed. students **must complete** Modules 2 and 3 by attending these two modules as outlined on the next page. Students are encouraged to complete these modules early in their program.

M.A.T. Technology Requirements:

- There will be a Module 1 session for M.A.T. students who feel their technology skills are weak in Technology Module 1.
- M.A.T. students who feel they are proficient in the use of Module 1 content (Word, Excel, PowerPoint and the internet) will demonstrate the completion of the requirements for Module 1 during the M.A.T. core courses.
- ALL M.A.T. students are required to complete the module 2 requirement prior to their student teaching internship. Students are encouraged to complete this module early in their program.
- Completion of the Technology Module 3 requirements will occur during the student teaching seminar.

Professional Development Certificate Requirements:

- Module 1 is not required for those in the PD Certificate Program.
- ALL students in the Professional Development Certificate Program are required to **complete** Module 2 and Module 3 by attending these two modules as outlined on the next page. Students are encouraged to complete these modules early in their program.
