

ROOMMATE AGREEMENT – ASSISTANCE ANIMAL

I, \_\_\_\_\_, understand that my roommate/suitemate has been approved to have an assistance animal for disability-related reasons and I consent to the presence of a \_\_\_\_\_ **(TYPE OF ANIMAL)** in the housing unit. To my knowledge, I am not allergic to this type of animal nor do I have any reason to object to the student having the animal in the unit. It is my understanding that the animal is permitted only in the housing unit, and must be caged when the student is not present if I so request.

The student is prohibited from asking me to take care of the animal overnight and the student is expected to stay in the room each night to care for the animal. I also understand that if the animal damages my property, injures me or others, or disrupts the peace and quiet enjoyment of the unit, I will notify the resident assistant to discuss how best to address these concerns.
