

## INFORMATION GUIDE TO REGISTER FOR AN INTERNSHIP COURSE FOR ACADEMIC CREDIT

An academic internship is a learning experience, where credit is awarded through an academic department for work that relates to course of study.

### STEPS TO REGISTER FOR AN INTERNSHIP COURSE FOR ACADEMIC CREDIT

1. Meet with your [Academic Advisor](#) to discuss your eligibility to enroll in an academic internship course and credit options.
2. Secure an internship, doing work that will align with your academic major.
3. Secure a [Faculty Internship Sponsor](#) from the department in which you want to receive credit, most likely your major or minor. Discuss what the academic work will be required for the course.
4. Discuss responsibilities and supervision with your internship [Site Supervisor](#).
5. Meet with the [Office of Global Education](#), if pursuing an independent international internship that is not affiliated with a study abroad program.
6. Complete the Internship Learning Agreement (ILA) with feedback from your Site Supervisor and Faculty Internship Sponsor. Find ILA here: <https://www.goucher.edu/career-education-office/professional-experience/internships>

### DEADLINES TO SUBMIT THE ILA

### INTERNSHIP POLICIES

*These policies are in the academic catalogue and govern how students receive credit for internships:*

1. **Students must work 45 hours at the internship for every one academic credit. (1 credit = 45 hours, 2 credits = 90 hours, 3 credits = 135 hours and 4 credits = 180 hours).**
2. Students may earn a total of eight (8) internship credits toward graduation. Students participating in more than eight internship credits will not be able to apply additional credit towards graduation.
3. Credit can be awarded only when the internship coincides with the semester that the student registers for such credit.
4. Students may complete only one (1) internship (up to four credits) per semester, including summer.
5. Students can complete more than one internship at a site, but the responsibilities and academic work involved in the internship must be different for additional credit to be earned.
6. Students may take an academic internship course for zero-credits.
7. Students must complete a reflection document about their internship experience and return it to the CEO by the deadline.
8. A student's internship site supervisor and faculty internship sponsor must be different people.
9. The faculty internship sponsor must be from the department in which the internship credit will be awarded.

### ADDITIONAL INFORMATION

- **Zero-credits:** Students can register for an internship course for zero-credits, which will be recorded on the academic transcript. Please note that a zero-credits course does not satisfy any major/minor or study abroad requirements.
- **Credit overload:** Keep in mind how 1-4 credits will affect your courseload. If you will be in credit overload (more than 18 credits), you must petition the Associate Provost for Undergraduate Studies for permission to take the additional credits.
- **Fees for summer/winter breaks and overload:** Students will pay a per credit-fee for internship course occurring in the summer or during winter break. In past year, the fee was \$450 per credit. Additional fees are applied if the student is in overload of the 18 credit limit during the fall or spring semester. Check with the Billing Office for more information..
