

Goucher Student Government Club Charter Petition

Qualifications

The club-in-question must have at least 2 student leaders who will correspond with GSG and OSE. Additionally, it must serve a need in the Goucher Community that is otherwise unmet by current initiatives; generate substantial student interest through membership (no set number, but to be judged by the Club Council); and, finally, present a cohesive mission and structure that can continue after current student leaders have graduated. The members of Club Council will judge the aforementioned criteria. **If approved, the Club Treasurer or President, if no Treasurer exists yet, must attend the OSE Intern's Open Hours to learn how to fill out financial documents.**
