

Thank you for your interest in financial aid for 2022-2023. **Please use this checklist to help make sure you are taking care of all required steps and remember that all notifications go only to your secure Goucher e-mail address.**

The 2022-2023 academic year includes Fall 2022, Winter/Spring 2023, and Summer 2023.

If you are applying after being billed or after classes have started, then please respond promptly to your needs! Until your financial aid is complete, you may be subject to late fees. If it is after the drop date and we are unable to process federal loans for any reason, then you may need to make other payment arrangements or seek a private loan.
