Updated 4/1/2025

FINANCIAL AID POLICY GUIDE

Goucher College recognizes the importance of offering financial aid to assist with tuition, fees, and indirect expenses. This guide contains information regarding the financial aid process and programs, including eligibility requirements, a description of the various aid programs, information on financial aid adjustments and the disbursement process, as well as alternative financing options. This guide does not represent all policies regarding financial aid at Goucher College.

For additional general information, visit Goucher's financial aid website at www.goucher.edu/financialaid.

The financial aid page specifically for the PBPM program is: <https://www.goucher.edu/financial-aid/apply-for-financial-aid/post-baccalaureate-premedical-program>

THE APPLICATION PROCESS

This is an outline of the most important financial aid steps for the 2025-2026 Academic Year.

- Complete the FAFSA electronically at <https://studentaid.gov/h/apply-for-aid/fafsa>
 - Post-Bac students beginning in June 2025 must complete the 2025-2026 FAFSA.
 - Be sure to list Goucher's federal school code: 002073.
 - Indicate your "College or Career School Plans" on the FAFSA as, "Master's, doctorate, or graduate certificate program".
- Coordinate with the financial aid office on your borrowing needs
 - An information sheet of "standard" borrowing plans will become available on or about April 1st.
- [Activate your Net Partner account](#) to monitor and review your financial aid.
 - **New students, please note that you must have received a Goucher ID number from the program office before you can activate your Net Partner account. Students are typically provided with this information in April.**

NOTE: Maryland residents must file the FAFSA by March 1 for Maryland state aid consideration. Several Maryland state aid programs also have a separate application. For more information, please see: <http://www.mhec.state.md.us/preparing/Pages/FinancialAid/index.aspx>.

DETERMINING ELIGIBILITY FOR AID

COST OF ATTENDANCE

The Cost of attendance (COA) is an estimate of the expenses incurred by students during the twelve-month academic year (summer, fall and spring). The cost of attendance includes direct institutional charges (tuition, and fees) and estimates of indirect expenses (room and board, transportation, books, supplies, miscellaneous living expenses, off-campus room and board, and loan fees). The cost of attendance is a tool used to help determine an applicant's eligibility for financial aid. **PLEASE NOTE** that these costs **do not take into account accepting the optional health insurance**. If you wish to borrow to help with the optional health insurance costs then please e-mail us to ask about submitting a COA increase request: finaid@goucher.edu.

2025-2026 Post-Bac Cost of Attendance

Summer 2025 - based on 8 credits

Tuition and Fees	\$10,880
Housing and Meals	\$3,815
Books and Supplies	\$430
Transportation	\$640
Miscellaneous	\$420
Total	\$16,185

Fall 2025 - based on 13 credits

Tuition and Fees	\$17,680
Room/Board	\$5,725
Books and Supplies	\$645
Transportation	\$965
Miscellaneous	\$650
Total	\$25,665

Spring 2026 - based on 14 credits

Tuition and Fees	\$19,040
Room/Board	\$5,725
Books and Supplies	\$645
Transportation	\$965
Miscellaneous	\$650
Total	\$27,025

FINANCIAL AID PROGRAMS

FEDERAL DIRECT UNSUBSIDIZED LOAN PROGRAM

Post-Bac students who complete the FAFSA and meet eligibility requirements can borrow up to \$20,500 in an Unsubsidized Federal Direct Student loan (not need-based). In addition, students may consider other financing options such as a Graduate PLUS loan, a Private Educational loan, or a payment plan. [Payment plan information is available from the Billing Office.](#)

Federal Direct Unsubsidized Loans are available to students who meet the federal eligibility requirements, regardless of financial need. Federal loan borrowers are required to complete loan Entrance Counseling and a Master Promissory Note (MPN). These tasks must be completed online at studentloans.gov. An origination fee (subject to change by Congress) is deducted from the loan prior to disbursement.

Only credits that are required for your program will be eligible for financial aid. If you are taking optional courses for personal enrichment, then they are not counted in your enrollment status for determining financial aid eligibility. This is a federal regulation, and not a Goucher policy.

Interest rates are subject to change by Congress. The student is responsible for the interest from the date of disbursement. The interest payments can be deferred while the student is in school. Repayment begins 6 months after the student graduates, leaves school or falls below half-time status (4.5 credits). The standard repayment period is 10 years.

For the most up-to-date information on interest rates and origination fees, please visit: <https://studentaid.gov/understand-aid/types/loans/interest-rates>

FEDERAL DIRECT GRADUATE PLUS LOAN

Post-Bac students are eligible to apply for a Federal Direct Graduate PLUS Loan. If approved, students may borrow up to the full cost of attendance minus any financial aid. Typically, students will take the maximum available in an unsubsidized loan before applying for a Graduate PLUS loan, because the unsubsidized loan terms are better.

Students [apply for a Graduate PLUS online](#). Our office must have a complete and valid FAFSA on file before a Graduate PLUS loan can be processed.

We recommend that PBPM students complete their Graduate PLUS application between May 1st and June 15th.

The Federal Direct Graduate PLUS Loan fixed interest rate is subject to change by Congress. Eligibility is determined by credit history. The credit check is valid for only 180 days. We recommend applying for the full academic year rather than by semester, however **even if a student is approved for the entire year the Department of Education will perform another credit check in a subsequent semester if the original credit check has expired.** (This usually applies to the Spring portion of the loan.) Loan funds are disbursed directly to the student account. An origination fee (subject to change by Congress) is deducted from the loan prior to disbursement.

The student is responsible for the interest from the date of disbursement. The interest payments can be deferred while the student is in school. Repayment begins 6 months after the student graduates, leaves school or falls below half-time status (4.5 credits). The standard repayment period is 10 years.

If a student is denied a Federal Direct Graduate PLUS loan due to an adverse credit history, the student may appeal the denial or reapply with a credit-worthy endorser. Additional information may be found at <https://studentaid.gov/understand-aid/types/loans/plus>.

ANNUAL BORROWING DIRECT LOAN LIMITS FOR STUDENTS

Post-Bac Students	\$20,500
-------------------	----------

LIFETIME BORROWING DIRECT LOAN LIMITS: MAXIMUM

Post-Bac Students	\$138,500
-------------------	-----------

Tips on Borrowing

Borrow only what you need to cover your educational and living expenses for the academic year. If you choose to borrow less than the amount you are offered, you must notify the Office of Student Financial Aid, in writing, of the amount you wish to borrow.

Please remember to:

- Set a realistic budget and stick to it.
- Exhaust all alternatives before borrowing.
- Borrow what you need for the year, not the semester.
- Understand your rights and responsibilities as a loan borrower.
- Keep records of all correspondence with your loan servicer.
- Contact your loan servicer about your options if you cannot make a payment.

GOUCHER SCHOLARSHIPS

The Post-Bac program offers a limited number of scholarships. There is no separate application process, and the Admissions Committee considers all applicants.

OUTSIDE SCHOLARSHIPS

Outside scholarships provide an additional source of funding for students. Students are encouraged to research and apply for outside sources of funding.

Students should never pay a fee for a scholarship search. If in doubt about the integrity of an agency, check it out first with the Better Business Bureau. There are a variety of reputable free scholarship search engines which provide reliable and accurate information. Please see additional resources available on our web page: <https://www.goucher.edu/financial-aid/types-of-financial-aid/outside-scholarships>

Students must report all outside scholarships that you expect to receive to the Office of Student Financial Services when you become aware of them. Your financial aid will be reviewed and may be adjusted according to institutional policies and federal regulations. You will be notified of any adjustments. Total financial aid, including outside scholarships, cannot exceed the cost of attendance.

Outside scholarships include (but are not limited to): Goucher tuition waivers/remission, other employer benefits, merit-based state scholarships, and scholarships from private organizations.

FINANCIAL AID NOTIFICATION

FINANCIAL AID

Provided our office has a FAFSA on file by March 1st, Post-Bac students begin receiving financial aid information around late April. Please inform our office if you will not have the standard enrollment for this program of 8 credits Summer, 13 credits Fall, and 14 credits Spring. Normally, we collect information on your personal borrowing needs and goals before loans are packaged and made available to be accepted or declined. Please e-mail our office to begin coordinating with us on your needs: finaid@goucher.edu You will receive an email when your financial aid may be accessed in the online system, called Net Partner.

ONLINE FINANCIAL AID SYSTEM – NET PARTNER

Students may track the status of their financial aid documents, review their financial aid, view any messages associated with their financial aid, and accept or decline financial aid online through Goucher's Net Partner system, <http://www.goucher.edu/financial-aid/net-partner/>. All first-time users must create a password using the first-time users' link. **New students, please note that you will not be able to activate your account in Net Partner until you receive your 9-digit Goucher ID number and Goucher e-mail credentials from the program office. This step usually happens in April.**

ADDITIONAL FINANCIAL ASSISTANCE/FINANCING OPTIONS

PRIVATE EDUCATIONAL LOANS

Students may borrow funds up to the cost of attendance minus financial aid (including outside resources) through a private educational loan. Private educational loans, offered by banks, savings and loans, and credit unions, are not federally guaranteed. They are typically the most expensive borrowing

option and therefore, should only be considered after eligibility for all federal student and Graduate PLUS Loan options have been determined. Most students will need a credit-worthy co-signer to obtain a private educational loan. All private educational loans are divided into equal disbursements for each semester.

The interest rate, terms, and repayment options of these private educational loans vary according to the lender. For this reason, students are encouraged to thoroughly research private educational loans and clearly understand the terms of the loan prior to borrowing. Additional information may be found at <http://www.goucher.edu/financial-aid/loans>.

Many states, including Alaska, Connecticut, Maine, Massachusetts, Minnesota, New Jersey, New York, North Carolina, North Dakota, Rhode Island, Texas, and Vermont, have their own private educational loan programs. We recommend that students check with their state higher education agencies about the availability of loans in these states.

MONTHLY PAYMENT PLAN

Payment plans are available, with additional information available from Goucher's Billing Office. For more information, visit www.goucher.edu/billing.

HIGHER EDUCATION TAX BENEFITS

Higher education tax benefits may include:

- The American opportunity credit
- The lifetime learning credit
- Student loan interest deduction
- Tax-free treatment of a canceled student loan
- Tax-free student loan repayment assistance
- Tuition and fees deduction

Consult a tax adviser for advice on your eligibility for Higher Education Tax Benefits. More information about tax benefits can be found on the IRS page: <https://www.irs.gov/newsroom/tax-benefits-for-education-information-center>

RECEIVING YOUR AID

E-Bill

The Billing Office provides online access only to students' billing statements, as paper statements are no longer being issued. Students and their authorized billing parties will be emailed when their current billing statement is available online, unless there is a zero balance. For more information on E-Billing, granting access, and online payments visit the Billing website at www.goucher.edu/billing.

The first E-Bill for each semester will display financial aid as anticipated aid. Anticipated aid is replaced with actual financial aid after the drop date in each semester if the aid has been accepted in Net Partner and all required financial aid documents have been received and processed. Private scholarships, tuition benefits, and other aid from outside sources, are applied to the student account upon receipt of a check or electronic funds transfers (EFT). Detailed billing information is available on the billing website. Specific billing questions should be emailed to billing@goucher.edu.

REMAINING CHARGES AND FINANCIAL AID REFUNDS

- Any remaining charges after all financial aid is applied must be paid by the statement due date.
- If you have borrowed in excess of your tuition and fees to cover indirect costs like books or living expenses, then you will have a credit on your account after disbursement. This will be issued to you by the billing office as a “refund” check.
- Please follow the Billing Office’s [refund request procedures to indicate how you wish them to process the refund](#).
 - If you do not make a specific request, the billing office is required to issue a check and send it to the address we have on file.
- **Please remember that you need to plan ahead, as you will not have access to any available loan funds until about 3 weeks after your classes begin.**

RETAINING YOUR FINANCIAL AID

MAINTAINING REQUIRED ENROLLMENT

To retain each type of financial aid, you must maintain enrollment for the required number of credits with regular or pass/fail grading options through the end of the add/drop period. Dropped, audited, wait-listed, and retroactively dropped courses cannot be counted toward required enrollment.

WITHDRAWING, DROPPING, CANCELING, OR AUDITING CLASSES

It is extremely important that you speak with the Office of Student Financial Aid before reducing your enrollment or changing your course-grading options to audit. Your aid will be canceled or reduced if you fail to maintain the required enrollment. Courses that are audited, canceled, dropped, or retroactively dropped do not count toward required enrollment levels.

RETURN OF TITLE IV FUNDS

When a student withdraws, drops out, is dismissed or suspended, or takes a leave of absence before completing over 60% of the semester, Goucher must determine the withdrawal date and the amount the Federal Title IV aid the student earned, which includes the amounts that were or could have been disbursed. Federal work study is not included in the amount of Federal Title IV aid earned. The institution is responsible for returning unearned funds to Federal Title IV programs. Note that the student may owe a debit balance to the institution when Title IV funds are returned. The complete Return to Title IV policy is available on the web at <http://www.goucher.edu/financial-aid/policies/return-of-federal-title-iv-funds>

SATISFACTORY ACADEMIC PROGRESS (SAP)

Students must maintain SAP in order to be eligible for student financial aid. The SAP policy defines minimum standards for grade point average, ratio of completed credits to attempted credits, and maximum time frame for completing a degree. SAP is reviewed at the end of each semester. Students who are not meeting SAP standards are notified in writing. The complete SAP policy is published in the *Academic Catalogue* or online at <http://www.goucher.edu/financial-aid/satisfactory-academic-progress-policy>.

FINANCIAL AID IS SUBJECT TO CHANGE

Financial aid is subject to change. The most common reasons for aid adjustments are enrollment changes and over-awards due to receipt of aid from outside sources. Financial aid may also be adjusted based on verification, receipt of additional financial information, and failure to complete additional requirements, maintain degree/certificate seeking status, make satisfactory academic progress, or comply with other federal or institutional aid regulations.

CONSUMER INFORMATION

Per the U.S. Department of Education, Goucher College must provide information about financial aid and its campus, facilities, and student athletes, as well as information to promote campus security and fire safety and prevent drug and alcohol abuse. Consumer information may be found at <http://www.goucher.edu/about/consumer-information>.

FINANCIAL AID TERMINOLOGY

ASLA	Annual Student Loan Acknowledgement
COA	Cost of Attendance
SAI	Student Aid Index
FAFSA	Free Application for Federal Student Aid
MPN	Master Promissory Note
SAP	Satisfactory Academic Progress
