IRS 2024 Tax Return (Tip Sheet)

How to submit:

Upload: goucher.edu/faupload

Fax: 410-337-6504

2024 tax information is normally automatically imported into the 2026-2027 FAFSA for anyone who is considered a required contributor. In some cases, you may need to submit documentation separately.

Please note that all required contributors to the FAFSA must still provide consent on the FAFSA for tax information to be imported, regardless of their income or tax filing status. Being identified as a required contributor does not mean that an individual is required to pay toward the student's education.

- There is no need to submit state tax returns
- **Review the signature section at the bottom of page 2 of the 1040 form before submitting**
- If the return was not prepared by a person or organization with a registered PTIN number and you have not physically signed the return, then **please make sure you print your return and sign in ink** before scanning and sending to our office

2 – Submit a 2024 IRS Tax Return Transcript

- Can be obtained for free from the IRS
