

Create Your Profile on GoucherLearn

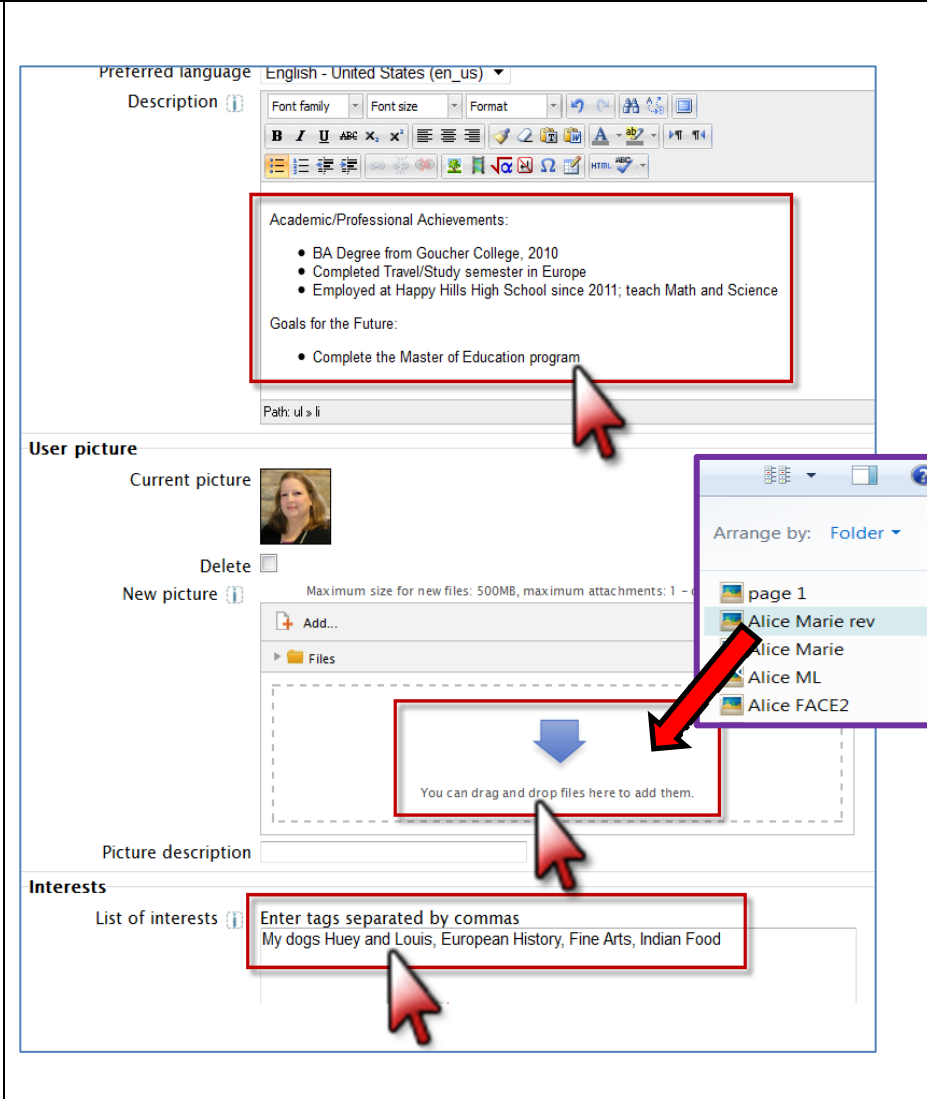

Open your course on GoucherLearn and click on the **Edit profile** link in the **My profile settings** block in the side column.

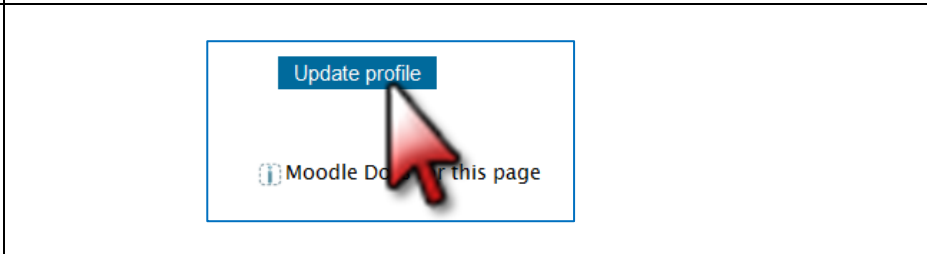

Scroll down to see the **Description** text box, and type in the information requested by your instructor to introduce yourself to the rest of the class.

Upload your picture to your Profile. Locate a photo of yourself that you have saved on your computer. Drag and drop the selected photo file into the **New picture** text box to upload it.

Type your personal interests into the **List of interests** text box.

Scroll to the bottom of the page and click the **Update profile** button.

You will now see the picture that you uploaded and the text that you entered in the **Description** and **Interests** text boxes (highlighted here in yellow).
