

## **Inclement Weather Procedures**

If you will be visiting us from another state, we suggest that you check the weather conditions in the Baltimore area prior to your trip.

If we experience a delay in opening and your visit was scheduled to begin during the delayed opening, it might be possible to adjust your schedule so that you can still have an interview, tour, and a class observation that same day. However, if the college is closed for the entire day, we will need to reschedule your visit and will make every effort to schedule at a time which is most convenient for you. In either case, please check your email as we would be contacting you with updates for your campus visit. You could also call our toll free number, 1-800-414-3437, and leave us a message with a phone number and the time you can be reached so that we can contact you as soon as we return to our offices.

Other ways to check campus weather-related status:

**1. Check the main page of Goucher College's website.**

[www.goucher.edu](http://www.goucher.edu)

**2. Listen to specified radio stations.**

1090 AM radio (WBAL)

88.1 FM radio (WYPR)

**3. Watch specified television stations.**

Baltimore area

WMAR - channel 2

WBAL - channel 11

WJZ - channel 13

Washington, DC area

WJLA - channel 8

**4. Call the Goucher College switchboard.**

410-337-6000
