

Policy for Study Abroad Substitution Request

I. PURPOSE

The purpose of this policy is to provide guidelines for students who need to request a Study Abroad substitution for one of the following reasons:

Reason 1: Student has a documented disability.

Reason 2: Student has Title IX accommodations.

Reason 3: Student is a GPEP student or has requested consideration of deferred action for childhood arrivals (DACA) or undocumented status and cannot travel abroad.

Notes: (1) Students who are citizens and primary residents of a country other than the United States and who have completed their high school diploma or certificate outside the U.S. are already fulfilling the study abroad requirement by studying at Goucher College. The Global Education Director informs the Registrar when an international student enrolls in Goucher College so that the Study Abroad requirement is recorded as completed in the student's record. (2) All transfer students who have completed a study abroad program in an accredited higher education institution or completed an internship related to international content or an international internship prior to enrolling at Goucher have satisfied the study abroad requirement upon enrollment. Students must send a transcript of their study abroad experience to studyabroad@goucher.edu who, upon receipt and approval, inform the Registrar.

II. SCOPE

This policy applies to all undergraduate students.

III. STATEMENT

All Goucher students are expected to complete the study abroad requirement as part of their graduation requirements at Goucher College. While no student is exempted from this requirement, students may, under circumstances outlined in this policy, petition to satisfy the requirement with an intercultural academic experience that does not require international travel.
