

Workplace Violence Policy

I. PURPOSE AND SCOPE

Goucher College is committed to providing a safe and secure workplace for all employees. To promote safety in the workplace and to reduce the risk of violence, all employees should review and understand all provisions of this Workplace Violence Policy.

This policy applies to employees, vendors, contractors and visitors at all college-owned, -controlled or -leased premises, and at any location at which college business is conducted, or at which employees, vendors, contractors or visitors represent the college, including while attending off-campus meetings, events and conferences, participating in study abroad or other international programs or while riding in vehicles being used to conduct college business.

The college also prohibits the possession of weapons on campus. Please consult the [Weapons Policy](#), for specific information related to weapons on campus.

II. DEFINITIONS

Threat Assessment Team: A team consisting of representatives from Campus Safety, Residential Life, Student Life, the Provost's Office and Human Resources, as well as mental health professionals and legal counsel, assembled to prevent, identify, assess, and manage situations that may pose a threat to the safety and well-being of the campus community.

III. PROHIBITED CONDUCT

Goucher College does not tolerate any type of workplace violence committed by, or against, employees or other individuals. Employees, vendors, contractors and campus visitors are prohibited from making threats or engaging in violent activities. Workplace violence includes, but is not limited to:

- A. Causing or threatening to cause physical injury to another person.
- B. Displaying aggressive or hostile behavior that creates a reasonable fear of physical injury to another person.
- C. Intentionally damaging employer property or property of another individual on campus.
- D. Possessing a weapon while on college property or while conducting college business.

IV. REPORTING PROCEDURES

In an emergency, when any individual is at risk, the reporter should first call 911, and then the Office of Campus Safety, at 410-337-6112.

Any potentially dangerous situation that does not pose an imminent risk must be immediately reported to a supervisor and the Office of Human Resources (410-337-6135), who will refer the matter to the appropriate office, which may include the Office of Campus Safety, the Title IX Coordinator, and/or the [Threat Assessment Team](#).

Information about how to recognize and report concerning behavior on the part of employees, students or visitors can be found on the college's [Threat Assessment Team](#) webpage. The team responds to behaviors exhibited by students, employees, visitors, and others prior to a critical incident in an attempt to prevent violence, so that Goucher remains a safe and secure working and learning environment.

The college will promptly and thoroughly investigate all reports of threats of (or actual) violence and of suspicious individuals or activities. The identity of the individual making a report will be protected to the extent possible. In order to maintain workplace safety and the integrity of its investigation, the college may place employees on administrative leave, either with or without pay, pending investigation.

V. RESOURCES FOR VICTIMS OF WORKPLACE VIOLENCE

Employees who believe they may be at risk of experiencing violence on- or off-campus, including but not limited to domestic or relationship violence, should notify the Office of Human Resources for assistance. The Office of Human Resources will work with the college's Title IX Coordinator and Office of Campus Safety to develop a safety plan and to provide support for the employee. Confidentiality will be maintained to the greatest extent possible, while providing such support. See Appendix A for a partial resource listing.

VI. ENFORCEMENT

Acts of workplace violence will not be tolerated. Any employee determined to have committed such acts will be subject to disciplinary action, up to and including termination. Non-employees engaged in violent acts on the college's premises will be reported to the proper authorities and prosecuted to the full extent of the law.
