

Concussion Accommodation Process

Typical accommodations for the first 10-14 days after a concussion (will vary based on student condition and doctor's recommendation):

- 1-2 days no class
- avoid significant testing
- allow breaks in class
- limited computer use and reading (Up to 30 minutes on a computer with a 5-15-minute break)

Process to report Concussions to Office of Accessibility Services (OAS):

Athletes (Athletic Trainer)	Non-Athletes (Health Center)
1- Evaluate 2- Submit an ARF 3- Complete a TPF 4- Recommend academic accommodations for concussion based on level 5- Email Faculty and cc OAS and ACE (through Starfish)	1- Evaluate 2- Submit an ARF 3- Complete a TPF 4- Recommend academic accommodations for concussion based on level 5- OAS will email Faculty and cc Health Office and ACE

Reevaluation of concussion should it persist beyond the first 10- 14 days post initial concussion (Check in with Conor Trainor and the Health Center for reevaluation and ACE for revised accommodations)

Athletes (Athletic Trainer)	Non- Athletes (Health Center)
1- Reevaluate 2- Submit revised academic accommodations 3- Student will go to ACE w/ revised accommodation to generate an academic agreement & ROI 4- ACE will email Faculty and cc Conor Trainor and OAS	1- Reevaluate 2- Submit revised academic accommodations 3- Student will go to ACE w/ revised accommodation to generate an academic agreement & ROI 4- ACE will email Faculty and cc Health Center and OAS

*If student has been seen by provider and has documentation from provider, they should bring it to the Health Center who can begin the concussion accommodation request.

- ❖ Temporary accommodations for a week will be put into place while the Health Center waits to receive the documentation from at-home provider

Key:

ARF = Accommodation Request Form
 TPF = Treating Provider Form
 ROI = Release of Information
