

Final Experience and Exam Schedule

Final Experiences occur in your normal classroom for the class.

Students who have 3 or more final experiences in one day may make arrangements with their instructors to take one of the exams at a mutually agreeable alternative time.

If some of these final experiences do not require additional study time, or if you are auditing any of the courses, this may not be an issue for you.

If this is a problem, please contact your instructors to make these arrangements. arrangements. If you have any questions, please contact the Office of the Registrar.
